Natick Jan. 14th 1834.

Dear Br. Phelps,

Yours of the 9th I have received this evening. It is too late now for me to attend your Anti Slavery meeting. My engagements at home are many & pressing, as you know they must be in the present stage of my labors. Have been to day with a committee chosen for the purpose, to visit several meeting houses, Northboro evening &c. We are about building. I should be gratified to attend your meeting tomorrow, & hear the addresses, even though I might not concede to all the doings.

I am anti slavery, & yet a friend of Colonization. always open however to conviction. Your protracted meeting I shall most surely attend, at least a part of the time. I want the benefit of hearing some good preaching.

Yours with much esteem

E.D. Moore
